Bridge to Employment

An opportunity for overseas-qualified teachers and education professionals

The course is an initiative of Holmesglenn, a successful Melbourne-based training provider, in collaboration with the Overseas Qualifications Unit.

Program for Teachers

Certificate IV in ESL (Employment) - Teachers

Successful participants in this course will gain the knowledge, skills and experience that will enhance their possibility of gaining future employment in Australia.

This course consists of a fifteen week classroom based course, in addition to a four to five week practical placement. The course will focus on the following:

- Orientation to the uniqueness of the Australian workplace environment;
- Knowledge of the Australian education system and current educational practices in Australia;
- Employment in an educational environment in Australia;
- Employment application processes;
- English language skills development to facilitate communication and understanding;
- Lesson delivery methods and class management issues.

The Practical Placement component will provide:

- Access to current work practices, policies & procedures;
- An opportunity to observe and team-teach;
- Practical, local teaching experience in a Victorian school or educational institute;
- Increased potential for on-going employment.

Courses commencing January and July – ENROL NOW
