

## Help, there is an IWB in my Classroom Interactive Whiteboards for Beginners

Presenter – Louise Hedley

Years P–6

### In this session:

This workshop has been designed for teachers who have recently had an IWB installed in their classroom or would like to build their confidence. The workshop will revise the basics of how to get started with your IWB from connection through to using your IWB software. The session will cover the range of tools available for use in IWB software and how they can be used by the students to enhance their learning. A range of resources and activities will also be provided that can promote and enhance the use of IWBs in the classroom and across the curriculum.

In this session you will:

- Become familiar with the key functions of your IWB software
- Learn how to enhance the interactivity of your lessons
- Explore a range of resources that can be used with your IWB
- Take away a CD full of resources and activities for your classroom

### About the presenter:

**Louise Hedley** – Following a research fellowship, Louise travelled to the UK to investigate the use of interactive whiteboards in the classroom. Since completing the fellowship she has undertaken the roles of IWB coordinator and ICT coordinator, leading two schools through full installation and implementation of the boards. Louise has focused on developing independent activities that can be used by small groups during learning centres to maximize the use of the whiteboards. This has also led to her creating planning documents to assist with the use and implementation of Interactive Whiteboards in the classroom.

These programs can also be found on the Pdi search engine. All programs listed on Pdi reference the standards of professional practice for renewal of registration. Pdi is an initiative of the Victorian Institute of Teaching.
