

Resource Ed Personnel regards relief teaching as a vital role with specialised expectations and requiring unique strategies and skills.

All relief teachers, whether already teaching, newly qualified, newly arrived, returning to teaching, retired, or just contemplating casual or contract employment in Victoria gain great value from these programs.

We provide a workshop format in which participants investigate issues and refresh their understandings relating to:

- VELS (Victorian Essential Learning Standards) and the school curriculum
- Classroom teaching programs and the Thinking Curriculum
- Student learning and management
- Highly effective relief teaching strategies
- Teaching opportunities and professional pathways
- The Agency as your employer
- The school as your workplace: industrial and legal
- Professional resources and support

To register for sessions / workshops, visit the website at www.redp.com.au > Professional Learning or call Dianne at Resource Ed Personnel (REdP) on 9756 0388 ext 10.

Relief Teaching Seminar

Learn about the contract and casual employment of teachers in Victoria, including Casual Relief (Supply, Replacement or Emergency) Teachers, and how our "REdP" teacher agency services can assist you. Teachers registering with Resource Ed Personnel will be introduced to the services provided for them including Area Manager placement offers, preferred locations, salary and earnings, online availability management using webAllocations, Anaphylaxis Management Training and client schools' systems and expectations.

CV & Application Writing

Guidelines for effective CV and Job Application Writing are provided to assist teachers intending to apply for a medium to long-term position in a Victorian school, including state government schools.

Valuing Relief Teaching

Who values the contributions of the relief teacher? How is it valued? Do all stakeholders in the school value the same things? What is "Impressive Relief Teaching"?

Classroom Interactions

This workshop provides relief teachers with SKILLS in planning and preparation for managing the uncertainties of daily relief teaching, and STRATEGIES for managing challenging behaviour and building positive relationships with class groups and staff.

Box of Tricks

Add vitality and versatility to your repertoire by sharing proven ideas and activities. Hear from a panel of experienced relief teachers who share their professional wisdom.

Think Thinking VELS

Discover from VELS how your use of powerful thinking tools and strategies can enrich any classroom Work Program and help to engage more students in fresh and relevant tasks.

Relief Teaching & Learning Styles Analysis

Discover how an analysis of your own Learning Style as a Relief Teacher can impact on learning in your classrooms.
